SUMMER 2027

MAGIC ATELIER COLLECTION

S U M M E R 2 0 2 7

In the **WORLD OF MAGIC**, everything our imagination can dream of comes to life.

There are giant flowers in every color. In this magical world, macaws, toucans, little monkeys, and armadillos all live together in the same garden.

In the world of magic, there are mermaids...

In the **Camu Camu universe**, magic unfolds through an explosion of colors, shapes, and prints. Here, we believe that magic happens when we recognize that every child is unique and carries a world of possibilities within.

We believe that **magic happens when collaborators, clients, suppliers, and partners come together, uniting talent, faith, creativity, and a shared purpose of growing with respect and humanity.**

Let's create a beautiful and sunny summer for everyone!

ADRIANA MEIRA

@adrianammeira | @adrianameiraatelier

MAGIC AND BRAZILIAN SOUL, DOUBLED.

We brought together our talent for creating prints with the artistry of Adriana Meira from Bahia, who crafts the most extraordinary embroidery.

And what was already special became even better.

All the care and respect we have for Brazilian culture, our attention to detail from the selection of raw materials to the finishing of each piece, along with the artisanal and sustainable values shared by both brands, have all been multiplied by two. **The result? A collection that is PURE MAGIC!**

THE STORY OF THE MERMAIDS WHO LIVE IN THE SEA OF GIANT FLOWERS

camu
camu + ADRIANA
MEIRA

Crafted in 100% cotton, soft and fluid, this collection brings to life the playful universe of mermaids and the garden of giant flowers.

Notice the detailing outlining each print, inspired by embroidery stitches created on traditional knee-operated machines, widely used by Brazilian artisans.

Relaxed dresses and sets, featuring the unique color combinations that only Camu Camu knows how to create. Be enchanted.

✦ THE STORY OF THE ANIMALS WHO LIVE IN THE GARDEN OF GIANT FLOWERS, UNDER THE SUN OF TOCANTINS ✦

If you love the **fluidity of viscose** but don't compromise on the durability of cotton, this collection was made for you. The **ultimate freshness** in a blended base of viscose and cotton.

Here, **colorful birds, little monkeys, and armadillos** live happily in the shade of **giant flowers**. And as in every collection, we celebrate a piece of Brazil this time, the **sunlit Tocantins**, radiating one of the most vibrant energies of our country.

Be enchanted!

✦ FIRST STEPS ✦

Camu Camu is a brand focused on childhood, from ages 1 to 12.

Childhood also has its stages, and we understand that the **early years** deserve different care from that given to pre-teens, for example.

Camu Camu Mini was created to celebrate and cherish the **first three years of this little group**, with all the comfort and authenticity of the Camu Camu universe.

Maju fell in love with each piece from the Magic Atelier.

She is two years old, tall for her age, and wore size 2 **perfectly**.
